THE BEST RECIPE FOR FOOD SAFETY

# AMERISAN

## MEETING THE CHALLENGES OF THE FOOD PROCESSING INDUSTRY

For food manufacturers who face risk associated with food contamination and brand reputation, Amerisan provides a consultative approach focused on food safety to ensure your success and profitability.

In addition to being a woman owned family business we have set ourself apart in the industry by being laser focused to the needs and requirements of food manufacturers. Our people are driven by a brand culture that drives us to go above and beyond to help our clients with the following:

- Reduce food safety risks
- Guarantee supply of mission critical items
- Increase sustainability

# A SINGULAR FOCUS

Our vision is to lead the food industry to perfect food safety, one plant at a time.

As the leaders in consultation and implementation, food safety isn't just our main concern—it's our only focus. Our team of food safety experts focus on food safety both for the people who consume it and the reputations of the companies that provide it. With food processing being our singular focus, you can trust us to help ensure compliance as well as timely delivery of the right products for your specific needs.

# NATIONAL DISTRIBUTION

Amerisan has 13 distribution centers strategically located across the country. This enables us to deliver timely regardless of your location.

# QUICK SHIP PROGRAM

*Ships the same day if ordered by noon.*

Our Quick Ship program includes a carefully curated selection of our most popular products. We have included the highest quality items for each category making your selection easy. Getting your supply in a timely manner is extremely important and we recognize that getting what you need to keep your plants running without interruption is extremely important. Thus, we have these products stocked in warehouses across the country, enabling us to ship same day if ordered by 12PM.

Thousands of other food safety products are available as well and we encourage you to shop the rest of our website for more products, information and technologies.

*Ships the same day if ordered by noon.*

## **COLOR CODED TOOLS**

Our top-of-the-line color coded tools and equipment are specifically designed for the food industry.

All tools are food grade, available in up to 11 colors, and fulfill all requirements for the BRCGS Global and IFS Standards. Perfect for any HACCP program.

If you don't see what you need here, shop our Color Coded Hygiene Equipment section on our website.

## FOOD APPROVED POLY TOTE

- 50-lb. capacity. 1.3-cu. ft.
- Weighs 3.8-lbs. empty.
- Molded in food grade polypropylene.
- Cross stacking via stacking grooves in bottom.
- Molded-in handles for comfortable handling.
- Smooth interior and wide radius corners for easy cleaning.
- Finely etched exterior resists cuts and scratches.
- 4:1 nesting ratio saves spaces.
- Reinforced nesting-prevents jamming.
- Made in America.

K48600

## 52" ALUMINUM HANDLE, STANDARD GRIP

- Uses 1 (25mm) top quality rolled tubing.
- .06 (1.5mm) thick and side welded for ultimate strength.
- All exposed aluminum is anodized for a permanent high shine finish.
- Amerisan outside threaded hexagonal handle. The outside thread with the inner hexagon gives the strongest grip on the attachment. This eliminates the problem that standard threads have of loosening, giving the user less control over the tool and allowing space for bacteria to harbor.
- Compatible with any Amerisan outside threaded hexagonal handle.

**SIZE:** 52"

**UNIT:** Each

### ITEM #/COLOR:

- K49803/B-Blue
- K49803/B-Black
- K49803/G-Green
- K49803/R-Red

*More colors available at Amerisan.com*

K49803

## 60" ONE-PIECE ERGONOMIC HANDLE, SUPER HYGIENIC

- Handle made from nylon reinforced polypropylene.
- Light weight, anti-fatigue hold without any cracks or crevices to harbor bacteria.
- Minimizes any risk of cross contamination.
- Strong and durable.
- Compatible with any outside threaded hexagonal grip thread tools.

K49904

**SIZE:** 60"x 1"

**UNIT:** Each

### ITEM #/COLOR:

- K49904/B-Blue
- K49904/BLK-Black
- K49904/G-Green

# HYGIENIC MAGNET FASTENING SYSTEM

*Ships the same day if ordered by noon.*

## **HYGIENIC MAGNET FASTENING SYSTEM**

The 5S shadow board system helps food production companies to improve and implement their food safety initiatives.

An organized, well maintained, and clean facility will always be a safer one, not only for the employees, but also for the food products being produced. We offer the highest degree of quality, hygienic accessories that combat harborage.

If you don't see what you need here, shop our 5S Shadow Board section on our website.

## Various Uses

Use for shadow boards, custom signage, & dispensers.

## Multiple Surfaces

Mount to steel or coated steel surfaces without having to drill holes

## Flexibility

Can easily be removed for cleaning.

## Limits Bacteria

Eliminates bacteria harborage points with no mounting holes.

## Time Saver

Installation time drastically reduced.

## Promotes Sanitation

Creates its own wall-spacer making it easy to clean behind.

## STOR-SHIELD MAGNETIC MOUNTING FASTENER

- Fastener for shadow boards, custom signage, & dispensers.
- Allowing you to mount boards to steel or coated steel surfaces without having to drill any holes.
- Eliminates bacterial harborage risks.
- Provides the ability to remove the board from the wall without tools to clean behind the board.

S7566WSS/2.5"

S7566WSS/3.5"

## M6 X 10MM SOCKET FLANGED BUTTON SCREWS

- M6 X 10mm socket flanged button screws.
- (ISO 7380-2)
- 304 stainless steel for S7566/W-SS & S7588/W-SS magnetic fasteners.

S7586

# 5S SHADOW BOARDS

- **REDUCE EQUIPMENT COSTS**
- **BE ORGANIZED**
- **IMPROVE SAFETY**
- **INCREASE PRODUCTIVITY**

Amerisan is a trusted 5S consultant and has helped hundreds of plants across the country implement their shadow board programs and improve their production areas.

**Call us today to schedule your on-site analysis.**

- Sanitary Design
- Washdown Safe
- Eliminate Cross Contamination & Foreign Material

## CUSTOMIZABLE

We work closely with production managers for continuous improvement to develop a solution that is most suitable for your facility and your budget!

## FOOD SAFE

All components and hardware are designed to limit harborage points, foreign particle contamination and to promote best practices for food safety.

## VISUAL WORKPLACE

5S shadow boards improve organization and efficiencies at your facility and help create a "Visual Workplace". Visual elements enable plant workers to quickly identify when items are missing or out of place.

# METAL DETECTABLE

*Ships the same day if ordered by noon.*

Line 4  
UPH

## METAL DETECTABLE

In all manufacturing environments across the food and pharmaceutical industry, traceability of any contaminant entering the production process is essential. The ability to locate PPE or tools that have been lost in production could potentially prevent costly recalls and public relations disasters. All metal detectable products in our line are food contact approved and designed to alert the production team if there is a contaminant.

If you don't see what you need here, shop our Metal Detectable Items section on our website.

## UMBO METAL DETECTABLE CORDED EARPLUGS

- Blue detectable cord.
- Made from soft, lower pressure polyurethane foam.
- NRR 33.
- Tapered smooth skin allows for easy insertion.

WE PROUDLY  
PARTNER WITH  
RECIRCLE TO  
RECYCLE AND  
REUSE.

AMERISAN believes that recycling plastic is everyone's environmental responsibility. ReCircle brings together industry leading polymer scientists, recycling professionals and manufacturers to help our customers with their unique recycling needs.

Many of the products AMERISAN distributes are made from difficult to recycle plastics. This includes PPE such as single use masks, disposable aprons/gowns, hair/beard covers, as well as, can liners, plastic wrap, and color-coded tools. Disposing of or incinerating these plastic products, along with other mainstream garbage is not eco-friendly and harms our environment and wildlife.

ReCircle is a solution for companies who are looking to reduce their carbon footprint and responsibly reach zero landfill. ReCircle takes what was once ocean, landfill or incinerator bound plastic and recycles it into new non-food grade products that can be used in other parts of your business.

## **RECIRCLE'S PROGRAM MAKES IT SIMPLE FOR COMPANIES TO JOIN THE CAUSE.**

# SAVE TIME AND MONEY WITH STOCK-X

There are critical products used in food production that, if depleted, can lead to expensive line shut downs and lost production. Amerisan understands the need to maintain these crucial inventory levels and works hand in hand with our client assisted inventory program (CAI) to ensure that they are stocked with the right amount of product on time every time. 80% of our customers choose Stock-X and have a proven cost savings of up to 25% due to more efficient handling of consumable inventory supplies.

## HACCPTRAX TOOL-TRACKING SOFTWARE

# ALLOWS YOU TO TRACK WHAT MATTERS.

Greater accountability & visibility of equipment

Reduce cost of inventory

Eliminates cumbersome paperwork

Promotes a thriving food safety culture

With HACCPTRAX Inventory control software, tools such as: knives, sheers, mesh gloves, arm guard and others, are engraved with a unique QR code.

Tools are tracked in real-time, so you know when tools are in use, and who it's assigned to. Keeping your staff accountable for the plant's assets. This valuable data provides the life cycle of your equipment giving you better visibility of when an item needs to be replaced, serviced, recycled, or scrapped.

Amerisan stocks tagged goods so inventory will be available at a moment's notice.
